R.C. No. 847 / H 4 13

Station Madras *Dated the* 26th May 1920. 191

From (Name) P.B. Thomas, Esquire,

(Designation) Inspector-General of Police.

To The Secretary to the Government of Madras,

Home (Judicial) Department.

Sir,

I have the honour to submit for the approval of Government an estimate amounting to Rs.3 150/- for repairing three of the blocks in the Reserve Police lines at Bellary.

2. The work will be executed by the Public Works Department.

I have the honour to be,

Sir,

Your most obedient servant,

P.B. Thomas

Insp.-Genl. of Police.

R.K.

Report accompny the estimate for repairs to the three Eastern blocks of Reserve Police lines, Bellary.

Estimate Rs. 3150

This estimate has been prepared in accordance with the District Superintendent of Police, Bellary letter No. C. 28 of 25-2-1919 and provides for complete overhaul of the last three lines in the Reserve Police lines, Bellary.

Masonry:- The masonry stone in mud has fallen down in some places. These are proposed to be rebuilt again with bond stones together with the portions of parapet wall which will be built in mortar, over the beams which are proposed to be renewed on account of tooo much sag in the beams due to weak section and heavy load above.

Pointing:- Substantial provision is made for pointing the walls at all places where it is bad and for the walls proposed to be re-built.

Whitewashing and tarring:- Provision is also made for whitewashing the three lines completely and also to tar all roof timbers and doors and windows etc.

Woodwork:- All joists both inside and outside are in good condition but the beams in front and rear have sagged too much section being weak. Hence enough provision is allowed in this estimate to renew all such sagged beams with full required section as per separate calculation sheet.

General: The roof is grown with vegetation and will be renewed with new soudu after removing the grass etc. The drains from the compound are all of no service and they are not serving the purpose to which they are intended. It is now proposed to build fresh drains as per type design. Provisions for other necessary repairs such as flooring with gravel etc. are also allowed.

Data in supporting rates is submitted.

An early sanction is solicited.

C. L. Bushell,

Ex. Engineer. Bellary Dn.

Bellary

To The

Chief Engineer, P.W.D.

Sir, Madras.

In reference to your No. 1346 Wks A/20-2, dated the 15th July 1920, and in continuation of this office No. 6805 dated the 27th August 1920, I have the honour to state that the Executive Engineer Bellary Division reports that the capital value of the 3 blocks in the Reserve Police Lines. Bellary, in question, as ascertained from the District Superintendent of Rel

of Police, Bellary, is Rs. 11674-4-8 and the amount that would go to add to the capital cost of these 3 blocks by the proposed special repairs is Rs 232/-.

I have the honour to be

Sir,

Your most obedient servant

MADRAS

the proposed special repairs is reported to be only Rs 232. But as there is no information in the statement as to how many huts there are in the three blocks, it is not possible to examine how the capital cost of each hut is raised by these special repairs....

As the repairs are however reported to be necessary the draft order may be accepted in toto.

27.9.20.

The Capl: cost of the buildings is Rs: 11.674 & the repairs are to cost Rs: 3.150. This appears to be excessive & indicates that the buildings have been very much neglected. If P.W.D. consider the outlay is justified Fin: has no further remarks to make.
